TIME IS UP

The league to enforce peace, of
which William Howard Taft is pres-
ident, is sending out the following
appeal to newspapers and prominent
people of the country:

"The crisis is at hand which will
determine whether America joins
the league of nations or forsakes her
allies and negotiates a separate peace
with Germany. A vote for any reser-
vations may require a resubmission
and endanger the treaty. Will you
send the largest check possible by
return mail to the league to enforce
peace for immediate use in arousing
the country to demand prompt ratifi-
cation in a form that will not send
the treaty back for further negotia-
tions and delay world pacification.
This matter is very urgent."

The following telegram is also be-
ing mailed to the newspapers, by
the league to enforce peace:

"Humanity, commerce, industry,
labor, and the whole social order
need immediate ratification of the
peace treaty and the covenant of the
league of nations. It is vitally im-
portant that you shall communicate
with your senators, preferably by
telegram, urging them to ratify
promptly and unreservedly. If you
have already done so, do it again in
a positive and conclusive manner,
get others to do the same. This is
the time for us to strike straight
from the shoulder with all our
strength behind the blow. There is
no time to lose."

Hundreds of thousands of dollars
—possibly millions—are being spent
by the league to enforce peace and
others who believe the league of na-
tions will put an end to war, settle
the labor unrest and cut the high
cost of living. The ratification of
the peace treaty and league covenant
as drawn up and intertwined may be
a wise step, but what the public
wants to know is, how will the ratifi-
cation have any effect on the high
cost of living and settle the labor
trouble? It is a state of mind that
must be cured, and the healing pro-
cess will require time. Normal con-
ditions will again return, but it re-
mains for the public to keep their
poise, and for those in authority to
immediately stamp out any disorders
started by the radicals. And the au-
thorities appear to be doing a pretty
fair job.

Whether the league covenant is a
panacea for all evils now confront-
ing the world is not known, but a
long suffering public prays that con-
gress will either accept or reject the
plan at once. Time is up.

Today many an American boy
would rather be "Babe" Reuther
than president. Reuther is Cincin-
nati's star pitcher, who won the first
game of the world's series and got
two triples and one single in three
times at bat.

State Highway Engineer Herbert
Nunn says that with the coming of
the rainy season paving of the roads
will soon terminate. Southern Ore-
gon will have over a month of fine
weather yet this fall.

With the biggest prune crop in
Oregon for many years, everybody
should soon be full of prunes. But
judging from the press dispatches
from the big cities, the world is al-
ready afflicted with prunes.

Cripples Operating—

Four men, each of them with a
leg or arm missing, drove into
Grants Pass Thursday morning with
a team and hack and camp equip-
ment, and commenced begging. One
of them was endeavoring to secure
money for a wooden leg. He ad-
mitted that his leg had been missing for
10 years but his desire for a wooden
leg was of recent origin. Chief Mc-
Lane advised the outfit to leave the
city. They did.

How We Go At It

First we look into the
battery to see if you put
water in it.

Then we use the hy-
drometer which is the
one reliable way of know-
ing the condition of its
charge.

Then, if no special
cause of trouble appears
we put it on the line to
see if it will take a charge.

But if there is plain in-
dication of serious trouble
we open the battery up
and find out exactly
what's what.

Don't trust your bat-
tery to amateurs or
artists in guesswork, who
claim they can tell inside
condition by outside in-
spection.

Come here where you
find adequate machines
and apparatus to really
inspect, charge and repair
any battery.

MONTANA FARMER HAS
PRODUCED NEW CORN

Miles City, Mont., Oct. 3.—By
crossing Indian corn with corn from
Iowa, Ed Campbell of Saugus, Mon-
tana, has produced a corn which he
declares is adapted to Montana cli-
matic conditions. This year he is
showing fine samples of the corn,
many of the ears being 12 and 14
inches long.

Big Guns Go North—

Last evening at about 6 o'clock a
train load of 36 cannon, each with
its caterpillar tractor, and each oc-
cupying a 41-foot flat car, passed
through this city, said to be headed
for Camp Lewis. These guns had

seen service in France and several
were badly damaged. This afternoon
a heavy train of soldiers passed
through the city enroute for Camp
Lewis.

We are very busy, but must tell the World about our MUTUAL
COMPOUND, an animal food which we have exclusive sale on for
Josephine County. It is a substitute for whole milk for calves and
pigs. A 25-pound pail when mixed with separated milk will raise
2 calves from the time they are 3 days old to the age of 6 weeks
and the veal will be as good as whole-milk fed veal.

EXAMPLE

Feeding Whole Milk

Value of milk fed in 6 weeks \$25.20
Calf sells for 15.00 Loss \$10.20

Feeding Mutual Compound

Cream saved, value \$25.20
Calf sells for 15.00 Total \$40.20
Cost of Mutual Compound \$ 4.75
Gain \$35.45

Equally as good for pigs and chickens.

We expect to have it in every town in the county soon. Get
your trial order. There is no risk to you as it is sold on a money
back guarantee. It is not an experiment, many creameries and
dairies testify to its merits.
